

Taupō District Council
Taupō Ward
Electing 7 Councillors

Yvonne WESTERMAN

Independent

My principal place of residence is in the Taupō Ward area.

Having thoroughly enjoyed my first term as a councillor, I feel I have now completed my apprenticeship.

I am a Taupō local, living in Acacia Bay and proud to be part of the Taupō community.

I have a passion for Taupō, Tūrangi and Mangakino and having an office in each location, I understand the variety of issues in each area.

With my business background, I believe I can continue to offer good sound advice plus bring knowledge and common sense to the council table.

With the amount of construction and development underway or planned for our district, I do think having business people with financial acumen on council is very important.

Having watched my business and indeed, my home town thrive over recent years, I believe in giving back to the community that has provided me with so much opportunity, hence my decision to stand again for Taupō District Council.
