

Taupō District Council
Tūrangi-Tongariro Ward
Electing 1 Councillor

Clint GREEN

Independent

My principal place of residence is in the Tūrangi-Tongariro Ward area.

Having spent three years on the Tūrangi/Tongariro Community Board, two of which I was in the role of chair, I have learned much about local governance and about our

wonderful communities. I am ready to move to the next level and represent this area on our district council.

Although in my senior years I feel I have much to offer the community should I be elected to the role. My strengths are in communication, especially the ability to listen with empathy, and my experiences with the diverse nature of our communities. I can be trusted to represent this diversity around the council table and would welcome the opportunity to do so.

My focus would be partnership especially in the co-governance and Te Tiriti areas, tourism growth including revisiting the Taupō to Tūrangi cycle path, and community well-being and how council can enhance that.

Ngā mihi

Clint Green
